

Augusta - Margaret River Shire COUNCIL ELECTIONS

**Vote
DAVID BINKS**

I am committed to:

- Careful, steady growth that strengthens our community and preserves our environment.
- Making balanced and informed decisions that acknowledge the needs, values and opinions of residents and ratepayers.
- Skillful leadership that values integrity, independence, inclusion, transparency, accountability and respect.
- Improving Local Government's effectiveness, efficiency, openness and connection with the community.
- Equitable project development and expenditure of finances within the entire Shire.

Life in the Shire of Augusta-Margaret River is amazing and I believe that, as we grow, we all have a role to play in its preservation for both present and future generations.

The manner in which our community develops needs to be carefully managed with thoughtful consideration given as to how we practice responsible stewardship of our natural and built resources.

Having previously spent five and a half years as a fully trained Shire Councillor and living in the South-West for the past 16 years, I believe I am well equipped to play an important part in how that growth is managed by the Council.

I am dedicated to:

- Skillfully managing our environmental, commercial and social assets in a sustainable, responsible, balanced and transparent manner;
- Careful planning for a prosperous future; and
- Providing a safe, healthy environment that our families and children can enjoy.

I believe that each member of the community deserves the respect of having their opinions heard, and if elected to the Council, I will promote and maintain integrity, openness, independence, accountability and connection as I work to guide and lead our community.
